Notes:

1. The above total average inpatient spending per bed-day is determined based on the Company's bills for services provided to patients, without taking into account differences with medical insurance settlements and the Company's income deduction for some medical expenses that may not be received.
2. The considerable increase in outpatient visits and significant reduction in expenses compared to the same period last year were primarily due to: i) scale-up of lower-priced online healthcare services through the Company's internet hospitals; and ii) optimizing restructuring of medical service mix at our certain owned hospitals.

The above operating data and indicators are based on the Company's records and have not been audited or reviewed by the Company's auditors. The operating data may be different from those disclosed in relevant periodical reports. The operating data disclosed in relevant periodical reports shall prevail if there is any discrepancy.

Shareholders and potential investors of the Company are reminded to rationally deal with any information not officially released by the Company, and shareholders and potential investors of the Company should exercise caution when dealing in the shares of the Company.
